

Mrs. S. Kavitha, MCA, M.Tech

Assistant Professor

Ms. S. Kavitha is a distinguished professional with a robust educational background spanning Master of Technology (M.Tech) from Madanapalle Institute of Technology and Master of Computer Applications (MCA) from Manipal University. Her expertise encompasses a wide array of disciplines within computer science and technology, including software engineering, data structures and algorithms, database management systems, artificial intelligence and machine learning, cybersecurity, and proficiency in programming languages like R, Python, Java, and C++.

She possesses strong professional skills in software development, database management, and network security, leveraging modern development tools and platforms to drive impactful outcomes.

She has also contributed to the development of software applications used in both academic and professional environments, underscoring her practical application of technical knowledge.

Known for her analytical prowess, problem-solving abilities, and dedication to continuous learning, Ms. Kavitha is highly esteemed by colleagues and mentors alike. Her blend of academic achievement, technical expertise, and proactive approach positions her as a valuable asset in the field of computer science and technology, poised to make significant contributions in her professional endeavors.
